**In the event of an emergency**

- Always stay safe
- Follow the advice of the emergency services
- Or call 999

Simple Plans Safer Places

### Actions to Consider

- **Is the local authority aware of the situation?**

If not, alert them and remain in contact where appropriate.

- **Can you provide support to your community?**

If so, meet with your emergency group contacts.

- **Who is affected and do they know how to get support?**

If safe to do so, check on local residents and pass on information and advice.
